Discovery Walks

Pollinating Insects

Saturday 6 August - 2 pm
North Loch Eynort, South Uist

A coastal walk along the edge of Loch Eynort looking for pollinating insects - bumblebees, hoverflies, wasps, moths and butterflies

Meet at the car park (NF788283)

Parking is limited, so please car share if possible and park with consideration

Discovery Walks are weather dependant. If in doubt, please check the Curragag website (www.curragag.org.uk) or contact Bill Neill (01878 700237)
