

Need support getting your business started? We can help.

At Business Gateway we know the difference the right advice can make to the success of a new venture – we help literally thousands of Scottish businesses get off to the best possible start every year.

Our network of industry-experienced business advisers, coupled with our information-rich website, offers a wealth of practical support. From how to research your market, create a business plan and apply for funding, to specialist advice on topics such as tax, VAT and legislation.

We also stage regular workshops and events in your local area – useful not just for the direction they offer but as networking opportunities too.

Grow your business with our support.

Visit www.bgateway.com or call **0845 609 6611**.

To find out more about the support available contact your local Business Gateway office:

Stornoway - **01851 822775**

Benbecula - **01870 604917**

Daliburgh - **01870 604989**
