The Natwest International Island Games is a great opportunity for our local talented athletes to compete at an elite international competition and you can help to raise funds to support our athletes by participating in the Castle Grounds 5K.

You can walk or run the route, push a pram or take the dog!

Primary aged children must be accompanied at all times by a responsible adult.

There will be a prize for the first male and first female to finish the course.

You can also support us by being a volunteer for the day – we always need stewards and officials!

For further information or a booking form please contact
