7th April 2025

Dear Ms Ferguson,

Please find enclosed a request for a combined EIA Screening and Scoping Opinion under the Town and Country Planning (Environmental Impact Assessment) (Scotland) Regulations 2017, for the development of the new Atlantic salmon marine fish farm site **Tarenish, South Uist**

As required by schedules 8(2) and 17(2) of these regulations, this combined Screening and Scoping Request document includes:

- A description of, and plan showing, the location of the development.
- A description of the nature and purpose of the development.
- A description of the aspects of the environment likely to be significantly affected by the development.

I would be grateful if you could consider the proposal and advise on the scope of an EIA if required, based on the information provided in the accompanying document.

Should additional information be required, or if you wish to discuss this further, please do not hesitate to contact me.

Yours sincerely

Inese Martukane

Environmental Officer, Loch Duart Plc
