BACKGROUND

- 5.1 The Comhairle is responsible for and fully committed to ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for. The Comhairle also has a duty of best value under the Local Government in Scotland Act 2003 to make arrangements to secure continuous improvement in performance while maintaining an appropriate balance between quality and cost; and in making those arrangements and arranging to secure that balance to have regard to economy, efficiency, effectiveness, equal opportunities and future sustainability.
- 5.2 In discharging this overall responsibility, Elected Members and Senior Officers are responsible for putting in place proper arrangements for the governance of the Comhairle's affairs and to facilitate the effective exercise of its functions. This includes: setting the strategic direction, vision, culture and values of the Comhairle; the effective operation of corporate systems, processes and internal controls; engaging with and leading communities; monitoring whether strategic priorities and outcomes have been achieved; ensuring that services are delivered cost-effectively; maintaining appropriate arrangements for the management at risk; and ensuring that the Comhairle complies with the Chartered Institute of Public Finance and Accountancy's *Statement on the Role of the Chief Financial Officer in Local Government*.
- 5.3 Progress in relation to these matters is included in the Annual Governance Statement which forms part of the Comhairle's accounts. The Statement is supported by Departmental Statements. A key part of the governance framework is a Local Code of Corporate Governance consistent with the principles and recommendations of the framework published jointly by CIPFA and the Society of Local Authority Chief Executives entitled *Delivering Good Governance in Local Government*, and the supporting guidance notes for Scottish local authorities. The purpose of the Local Code is to evidence the Comhairle's commitment to achieving good governance and demonstrating how it complies with the governance standards recommended by CIPFA/SOLACE. It also assists the Comhairle to review the effectiveness of, and to identify continuing improvements in, its governance arrangements. The CIPFA/SOLACE framework and guidance are based on six principles:
- 1 Focusing on the purpose of the authority in relation to outcomes for its communities and creating and implementing a vision for the local area;
 - 2 Elected Members and Officers working together to achieve a common purpose with clearly defined functions and roles;

- 3 Promoting values for the authority and demonstrating the value of good governance through upholding high standards of conduct and behaviour;
- 4 Taking informed and transparent decisions which are subject to effective scrutiny and managing risk;
- 5 Developing the capacity and capabilities of Elected Members and Officers to be effective; and
- 6 Engaging with local people and other stakeholders to ensure robust public accountability.

5.4 Looking ahead, CIPFA and SOLACE have recently issued an addendum to their Guidance. The addendum strengthens how governance reviews are conducted and encourages authorities to use a range of sources from their existing assurance framework. It will apply to annual governance statements for 2025/26 onwards.
