

BUSINESS CONTINUITY PLANS

Report by Chief Executive

PURPOSE

- 1.1 This Report is for noting and seeks to update Elected Members on the status of Business Continuity Management across the Comhairle.

EXECUTIVE SUMMARY

- 2.1 The Corporate Strategy 2022-27 sets the strategic direction of the Comhairle, and the Service Business Plans (SBPs) demonstrate how this will be achieved. Operational Risk Registers identify risks to increase the probability of success and reduce the likelihood of failure and the uncertainty of achieving SBP outcomes.
- 2.2 Risks that result in a disruption to service, require continuity strategies in place to allow the service to continue with minimum disruption to service users. Services are asked to prepare Business Continuity Plans (BCPs) for their most critical activities, therefore in the event of an incident causing service disruption, the BCP can be picked up and immediately actioned.
- 2.3 A Business Continuity Plan folder is available on SharePoint where Elected Members can view the most up-to-date documents. The first step of the Business Continuity process is the Business Impact Analysis (BIA) which determines whether a BCP is required. The BIA will be available to view when it determines that a BCP is not essential to the service.
- 2.4 The Corporate Business Continuity Plan shall be reported to the next Committee series in June 2024.

RECOMMENDATIONS

- 3.1 It is recommended that the Comhairle note the Report.**
