01	Absolutely loving this development and the plans for it. As someone who has lived on the Mackenzie Farm site for the 10 years since our house was built, we have loved living in this area in a high quality house. We have outgrown it however, and there is a lack of larger houses on the island (4 and 5 bedrooms), so to see quite a few being built here, would be brilliant. There is a lovely community here and can only hope to share this with more likeminded people
