Service Profile: Risk and Emergency Planning

Description:

This team ensures that the Comhairle's statutory Health & Safety obligations are undertaken as well as providing proactive, customer focused support to Services. This involves Health & Safety auditing, risk assessments, fire surveys, accident investigations, workplace assessments and skills training, including moving and handling and crisis and anger limitation management.

Emergency Planning meets the Comhairle's statutory and humanitarian obligations to be prepared, in the form of contingency plans, to respond to and mitigate the effects of emergencies on communities in the Western Isles. The Comhairle also supports local businesses with advice on Business Continuity matters to ensure that essential services can be delivered during and following any disruptive challenge to our communities. The planning process covers the full spectrum of hazards, and requires multi agency working, related training and exercising with regular plan review.

The team will proactively take the lead in developing the Corporate Risk Management Strategy, advising and supporting Corporate and Department Management teams on the identification of new or existing risks and the actions that may be considered to minimise these risks. Quarterly monitoring reports will be prepared and reported to Corporate Management Team and Comhairle Committees.

Outputs:

- To provide competent advice on risk areas across Comhairle Departments.
